NEW ITEMS

In line with our usual policy, we introduce new items each list. This year we are proud to introduce 3 such items all of which have been collectors items but now offered commercially for the first time.

ARALIA (POLYSCIA) PENNOCKI

A sport of Balfouriana, larger leaves almost completely creamy white, with deep green wavy edges. Offered as URC 8-12" at \$25.00 per 100 and \$230.00 per 1000.

DRACAENA MARGERET BERKERY (Plant Pat. No. 1627)

This ia a beauty. Robust, deep green leaves with broad creamy white stripe down the center. Form similar to Sanderiana. Offered as URC 8-12" at \$30.00 per 100.

DRACAENA GOLDEANA

As described by Graf in Exotica "The most spectacular Dracaena in Cultivation." Treasured by collectors for years it is now offered in very "limited quantities" as a 6" plastic pot about 15" tall at \$7.50 each.

TRANSPORTATION

Out of Puerto Rico most items are shipped airfreight through New York, Miami or New Orleans. From these points, shipments beyond is at the customer's option but we generally advise airfreight. To minimize the freight charges it is best to order in quantities of 100 lbs. or more. Where you are not sure of the weight we can advise before shipping. We list below some average weights in 1000 lots on items frequently ordered.
